

Department of Public Works

Report for January 2017

Submitted by

Purnell Hall

Public Works department is dedicated to the Town of Bladensburg. They work hard every day to help keep the Town clean and neat. In the winter time Public Works focus a little more on interior work due to the cold temperatures. Except during a snow storm. These guys are the ones making sure the roadways in the Town of Bladensburg are safe for emergency vehicles and residents to drive. Due to the Safety Assessment Public Works worked rapidly with other staff in the administrated offices moving furniture around. Public Works along with Chief Stone has been monitoring the storm as they arrive and passed through. Due to the freezing temperature and calling for snow on the 5th and 13th Public Works pretreated the streets in Town. Mr. Hall has been working closely with the contractors repainting the Code building, Town Administrator office, and Police Station. Public Works replaced two green trash cans by the bus shelters due to the advertisement door not being able to open. Assisted Roger Height / Port Towns Elementary School with their Food drive. Set up Town Hall for several meetings. Made sure the janitor had supplies.

Building Maintenance

1. Made sure all Fire extinguishers are good
2. Building inspection Town Hall, Code, Police Station
